Seeds of Change

Don't forget to collect your free seeds after Mass today. You don't have to be an expert gardener, as one of our parishioners wrote last year:

"Thank you very much for a wonderful summer of flowers! In May, I collected some seeds from your stand outside the church, after Mass.

Not being a green-fingered type, I more or less threw the seeds in a patch in my front garden and hoped for the best! Within a very short time I was delighted to see the shoots emerging. I thinned them, as best I could, watered them (before the hosepipe ban), and generally did my best for them. Well, I must say that I got immense enjoyment from watching the flowers that blossomed throughout the summer! It was always a surprise, because I wouldn't have been able to identify a flower from just the leaves of the plant. I think the biggest surprise of all was the sunflower!

Another positive outcome was the abundance of bees that were attracted to the garden!"

So come on, start planting!
