## IT IS NOT JUST ABOUT MIGRANTS

Dear brothers and sisters,

Our response to the challenges posed by contemporary migration can be summed up in four verbs: welcome, protect, promote and integrate. Yet, these verbs do not apply only to migrants and refugees. They describe the Church's mission to all those living in the existential peripheries, who need to be welcomed, protected, promoted and integrated. If we put those four verbs into practice, we will help build the city of God and man. We will promote the integral human development of all people. We will also help the world community to come closer to the goals of sustainable development that it has set for itself and that, lacking such an approach, will prove difficult to achieve.

In a word, it is not only the cause of migrants that is at stake; it is not just about them, but about all of us, and about the present and future of the human family.

**Pope Francis**  
*World Day for Migrants.*
