As announced.

Jesus gives glimpses of this wonderful reality. He spoke of being sent by the Father (today's gospel) and He promised to send us the Holy spirit to teach us the full truth about divine love. Even at the busiest times, Jesus went aside to tune into the Father's love which we call prayer. (Jesus was human as well as divine).

A highlight of Jesus's prayer on the night before He died was when He asked the Father to love us with the same love as there is between the Father and Jesus. Yes, each of us is loved with such love as powers the life within the Trinity itself. Empowered by this divine love, we are enabled to love one another without exception as God loves us.

Such love is a pure gift, unearned, undeserved, never withdrawn no matter how we fail. Such love cannot be explained or proved by logical argument. It has to be experienced, welcomed and responded to with an open heart.

Our world is a love space, created by God to enable us to live through love in His treasured presence, worshipping Him through all we do and say. It is the cornerstone on which lasting fulfilment is built. It is the fertile soil which nourishes the seedlings of hope, gratitude, generosity and service within us and among us.

This feast of the Holy Trinity is an opportunity to become more aware of this loving presence in each of our hearts.

We are a community of love.
