Mt. 25: 14-30

OUR DAILY BREAD

We frequently treat it as if we were entitled to it. We often fail to give thanks for the wonderful gift of daily sustenance. We sometimes unthinkingly waste it while many of our brothers and sisters go hungry at home and throughout the world. Sharing food can bind us together as families, friends and neighbours. Sharing food can deepen our gratitude for each other without exception.

Today, as we pray for our own daily bread, the necessities of life, Pope Francis pleads with us for the hungry, lonely and homeless poor throughout our troubled world. He has designated today as "World Day of the Poor", to spur us on to take effective action to alleviate their suffering.

The parable of the talents in today's Gospel alerts us to the fact that every talent/gift/God given opportunity, is given to be used for the enrichment of the community. A self-centred lifestyle is unproductive and barren.

"Lord, teach us to be generous, to give and not to count the cost".

Fr. Tom Clancy.
